

Sports Injury Clinic

For Sports Injuries, Bumps, Bruises and Sprains

Beginning August 5 through October 28, Mercy Health - Orthopaedics & Sports Medicine offers a sports injury clinic every Saturday morning at:

Mercy Health - Orthopaedics & Sports Medicine

2409 Cherry Street

MOB 1, Mercy Health - St. Vincent Medical Center

Toledo OH 43608

419-442-0222

Walk-in clinic - patients are asked to start

reporting at 7:00 a.m

The clinic is open to all athletes including junior and senior high school, collegiate and 'weekend warriors'. The comprehensive clinic includes an evaluation and diagnostic imaging, if necessary. All test results are reviewed by a sports medicine physician and a plan of care is developed, tailored to the athlete.

If necessary, additional orthopaedic, physical therapy and athletic training referrals are immediately facilitated for scheduling. This quick, multi-discipline approach provides the athlete with a complete treatment plan of care which allows for an easier and safer return to play for the athlete.

Services include:

- In-suite radiology services
- Single patient registration
- Athletic and physical therapy training session on site
- Drive up entrance
- Same day MRI available

Thank you for trusting Mercy Health Orthopaedics & Sports Medicine for your healthcare needs.
